

Excerpt from William Jennings Bryan: A Concise but Complete Story of His Life and Services
The author of this little volume, in giving it to the reading public, feels called on for a few words by way of explanation and apology. The book is written because there seems to be a field for it. Within the last few months hundreds of thousands of American citizens have come to see William Jennings Bryan in a new light. As a result, while they no longer believe him a demagogue, some still hesitate to accept him as a statesman. While they have ceased to denounce him as an anarchist, some are slow to realize that he stands with Andrew Jackson and Abraham Lincoln as one of the great conservators of American institutions. Especially for the benefit of this class of his fellow citizens this little life of Mr. Bryan is published. For it is claimed no literary merit other than a conscientious attempt at clearness, and no historical excellence save a strict adherence to the truth in the statement of facts. The work has had to be hurriedly done and at irregular intervals, and the one object aimed at has been to acquaint the reader with Mr. Bryan's character through a narration of his life work. It is candidly admitted that the book is written in a friendly and sympathetic vein. About the Publisher
