

Four Essays on Liberty (Galaxy Books)

The four essays are `Political Ideas in the Twentieth Century; `Historical Inevitability, which the Economist described as `a magnificent assertion of the reality of human freedom, of the role of free choice in history; `Two Concepts of Liberty, a ringing manifesto for pluralism and individual freedom; and `John Stuart Mill and the Ends of Life. There is also a long and masterly introduction written specially for this collection, in which the author replies to his critics.
